## SUMMER WIER DEBUTS YA SCI-FI TRILOGY, THE SHADOW OF LIGHT

4/9/2015—The Shadow Of Light trilogy is a YA Sci-Fi debut from author Summer Wier. LINK, the first book in the trilogy, is scheduled to release Fall 2015 from REUTS Publications, books LOST and LIGHT will release in 2016 and 2017, respectively. The Shadow of Light series will appeal to fans of Neil Gaiman’s *Interworld* and the CW’s *Star Crossed* and is pitched as a modern version of *A Wrinkle in Time* with a *Stargate* twist. Suited for a 15 - 25 audience, this high-concept story transports readers well beyond the confines of our universe.

“The Shadow of Light series is the perfect blend of science, speculation, and adventure. When light from a falling star collides with seventeen-year-old Kira Sinclair, she is pulled into a world that exists inside a black hole. The journey that follows pushes the boundaries of science, giving purpose to the mysterious phenomenon black holes, while weaving a heartfelt story about a girl who risks everything as she searches for her missing father. Written with vivid, flowing prose, reminiscent of Stiefvater, Wier will capture your heart and imagination with this truly fantastic tale.”
